Meet Karla

We understand that the idea of joining a group when life already feels overwhelming may seem daunting.

We will guide you every step of the way - our team and mum rep will meet you beforehand and you will be able to spend time with your child in the group, getting to know us and joining the other mums in group only when you are ready.

“

Karla says, "I had a rocky mental health patch when I was pregnant with my 3rd child. The health visitor suggested the group to me and at first I said – ‘Hell no, I’m not going to some cliquy group.’ **I had a real fear of judgement and great anxiety.** When I got here the first session was very awkward. But the second time I came I thought – **I’m never leaving.**

The Mum’s garden room literally saved my life. I genuinely believed I’d kill myself before I started coming here. **It’s time for me.** I can try to get me back.

I’ve never left my children with anyone, but I’d happily leave them with the helpers when I’m here knowing I don’t have to worry about them.

I have Colette as a one-to-one counsellor, I wouldn’t be here without her. Doesn’t judge. Laughs in the right places and has made me a different sort of Mum. She’s given me the oomph to keep going. **The support between the group is also important** – we give each other a soft landing. I’ve grown as a person. I know I’ve got my demons. But **I’m in control.**
